Films ►

Kelly #	Spinnaker mfg #	sheet size	liner	adhesive	inner carton packaging	sheets per carton	carton weight	features
2 Mil TC Clear Polyester								
4001050	0014503	27 x 20	90# 0 Split	Permanent	100 wrap	100	24#	A top-coated offset printable polyester. Uses include decorative trim, product identification pieces, two-way window decals and p.o.p. graphics. Good outdoor durability up to 18 months.
3.4 Mil TC Matte White Vinyl								
	0045405	24 x 18	80# Scored	Permanent	100 wrap	100	19#	A white, flexible vinyl with a matte top-coating which dries easily and quickly. Typical applications include product identification, decals, indoor and outdoor signage, drum labels and applications requiring good conformability to irregular surfaces.
	0045407	27 x 20	80# Scored	Ultra Removable	100 wrap	100	23#	
	0045415	27 x 38	80# Scored	Permanent	100 wrap	100	42#	
	0045410	27 x 38	80# 0 Split	Ultra Removable	100 wrap	100	42#	

3.5 Mil TC Matte Clear Vinyl

Custom - Contact Customer Support

A clear, flexible vinyl with a matte top-coating which dries easily and quickly. Suitable for both indoor and outdoor applications of up to 6 months. Ideal for POP & signage.

7 Mil Teslin®

4000501	0048074	12 x 18	80# Scored	Permanent	100 wrap	200	16#	Synthetic stock providing excellent printability and durability. Permanent items are ideal for menus, maps and banners. The removable item is ideal for cooler labels. Stocked in the Digital line - this construction is suitable for Conventional Offset, dry-toner base equipment and HP Indigo presses
4000502	0048075	13 x 19	80# Scored	Permanent	100 wrap	200	18#	

For best printing results on the above foil & film items, use inks that dry by oxidation

Custom Films ►

Kelly #	Spinnaker mfg #	sheet size	liner	adhesive	inner carton packaging	sheets per carton	features
---------	--------------------	------------	-------	----------	---------------------------	----------------------	----------

2.3 mil TC White Metalized Polypropylene

Custom · Contact Customer Support

A highly opaque, glossy white, biaxially-oriented polypropylene designed with a print-receptive top coat and metallized backside. Consider for cover-up applications.

3 mil TC Matte White Polypropylene

Custom · Contact Customer Support

A white biaxially-oriented polypropylene film suitable for offset printing and considered as a lower cost alternative to vinyl. Outdoor durability is typically 3 to 6 months.

3.0 mil Polyart[®]

Custom · Contact Customer Support

A polyolefin-based, clay-coated film that is waterproof, tear and grease resistant. Similar to paper, Polyart is a film with memory, resisting temperature changes. For end users: Remove the liner from the facstock instead of face from liner to minimize curl. Outdoor durability is up to 18 months.

3.6 mil Polyart[®]

Custom · Contact Customer Support

A polyolefin-based, clay-coated film that is waterproof, tear and grease resistant. Similar to paper, Polyart is a film with memory, resisting temperature changes. For end users: Remove the liner from the facstock instead of face from liner to minimize curl. Outdoor durability is up to 18 months.

3.8 mil Polypropylene Cover-up

Custom · Contact Customer Support

A biaxially-oriented, multi-layer polypropylene film that features tamper evident properties. It is coated with a black barrier coating that improves opacity for applications requiring little to no show-through of underlying text or graphics.

Custom Specialty ►

Kelly #	Spinnaker mfg #	sheet size	liner	adhesive	inner carton packaging	sheets per carton	features
---------	--------------------	------------	-------	----------	---------------------------	----------------------	----------

Semi Gloss Durable

Custom · Contact Customer Support

A semi-gloss paper strengthened with a thin film layer to provide added durability while providing the ease of printing on paper. Suitable as an economical alternative to vinyl in some applications. This construction is suitable for Conventional Offset and dry toner based equipment.

For best printing results on the above film items, use inks that dry by oxidation - does not apply to Semi Gloss Durable
